

TOSSD capacity-building seminar for MDBs and other IFIs

Total official support for sustainable development (TOSSD)

6 December 2023 (Zoom)

Presented by Cécile Sangaré, Fatoumata Ngom, Sofia Muscato

TOSSD Task Force Secretariat
OECD Development Co-operation Directorate (DCD)

Financing for Sustainable Development Division (FSD)
Statistical Standards and Methods Unit

AGENDA OF TODAY'S SEMINAR

- 1:00 – 1:05 Presentation and welcome
- 1:05 – 1:45 Introduction to TOSSD
- 1:45 – 2:20 Peer learning on TOSSD reporting: SDG focus and non-core funded activities.
- 2:20 – 2:30 *Break*
- 2:30 – 2:55 TOSSD engagement with regional MDBs: update and ways forward.
- 2:55 – 3:00 Closing (+ survey).

Session 1: introduction to TOSSD

- 1. What is TOSSD?
- 2. Why is TOSSD needed?
- 3. Why do multilateral institutions report to the OECD?
- 4. Benefits of TOSSD
- 5. How to access TOSSD data?
- 6. Q&A

①

What is TOSSSD ?

What is TOSSD?

TOSSD is a new international statistical measure that provides a complete picture of all official resources and private finance mobilised by official interventions in support of sustainable development and the Sustainable Development Goals (SDGs).

“ *What does sustainable development refer to?* ”

”

“ *‘Sustainable Development’ is defined as development that meets the needs of the present without compromising the ability of future generations to meet their own needs.* ”

What is TOSSD?

A framework to measure resources in support of sustainable development

What is TOSSD?

Key milestones

2017

The International TOSSD Task Force is established.

2020

TOSSD is referenced in the G20 FSD framework.

The first TOSSD regular data collection is carried out.

2022

TOSSD becomes a data source for the new version of SDG indicator 17.3.1.

The 2nd TOSSD dataset (on 2020 activities) is released.

2015

A key political anchorage for TOSSD: the **Addis Ababa Action Agenda** in July 2015.

2019

First recognition of TOSSD in the G7

A first version of the TOSSD methodology is released.

2021

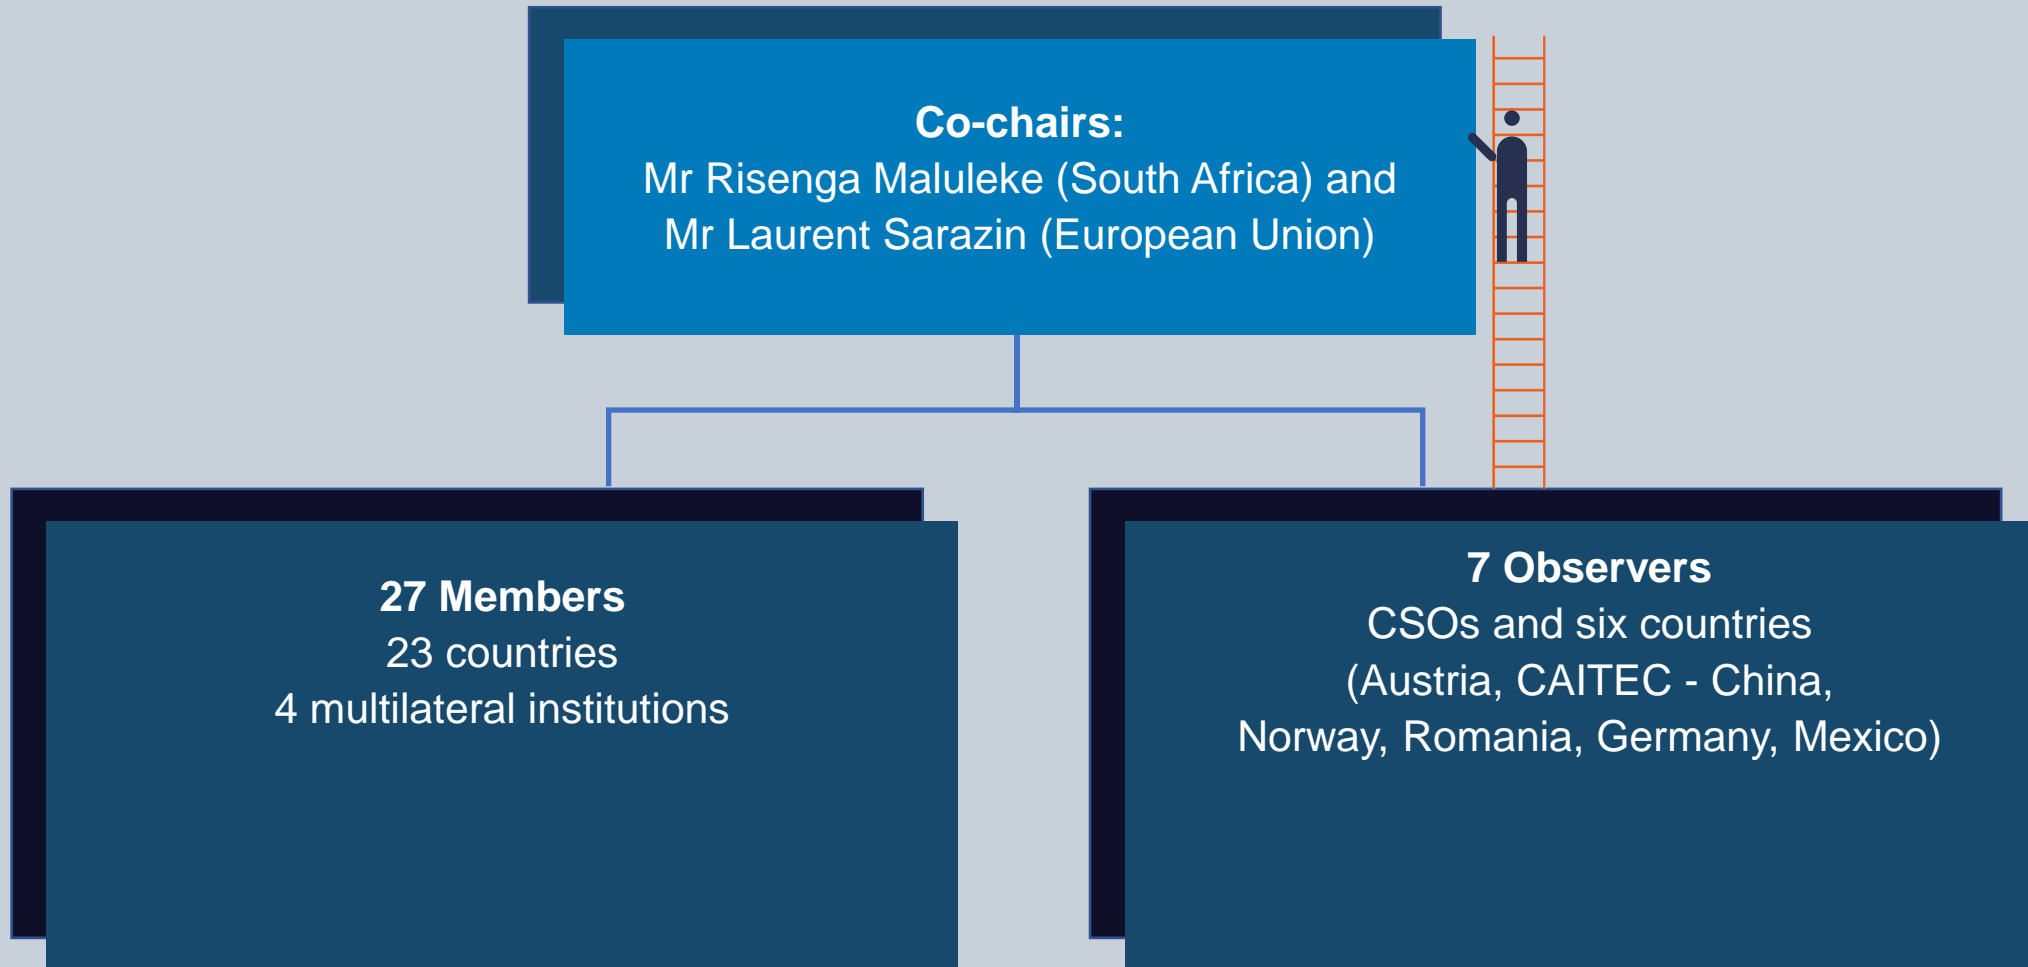

The **tossd.org website and data visualisation tool** (<https://tossd.online>) are launched.

The first TOSSD dataset on 2019 activities is released.

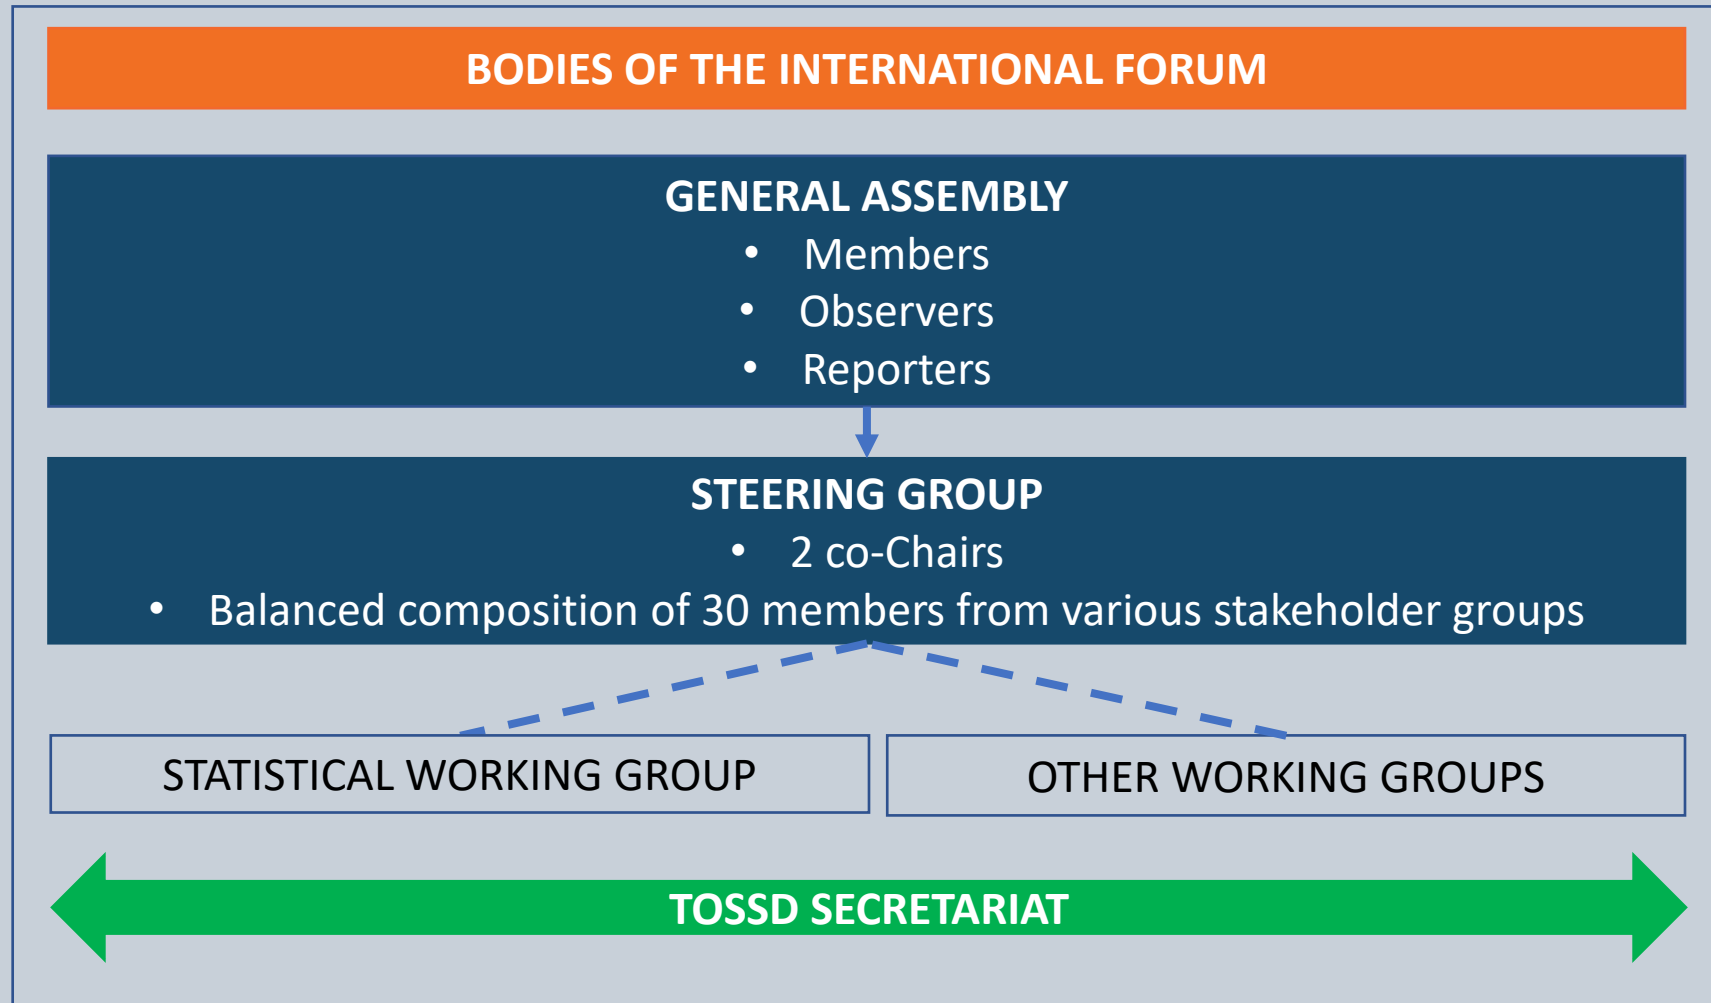

2023

The 3rd TOSSD dataset is released. With 110 reporters, TOSSD now contains more than one million activities.

Task Force membership

A new international Forum on TOSSD is being set up starting 1 January 2024

2

Why is TOSSSD needed?

Why is TOSSD needed?

A new measure to respond to a changing landscape

More actors

More instruments

Greater focus on sustainability

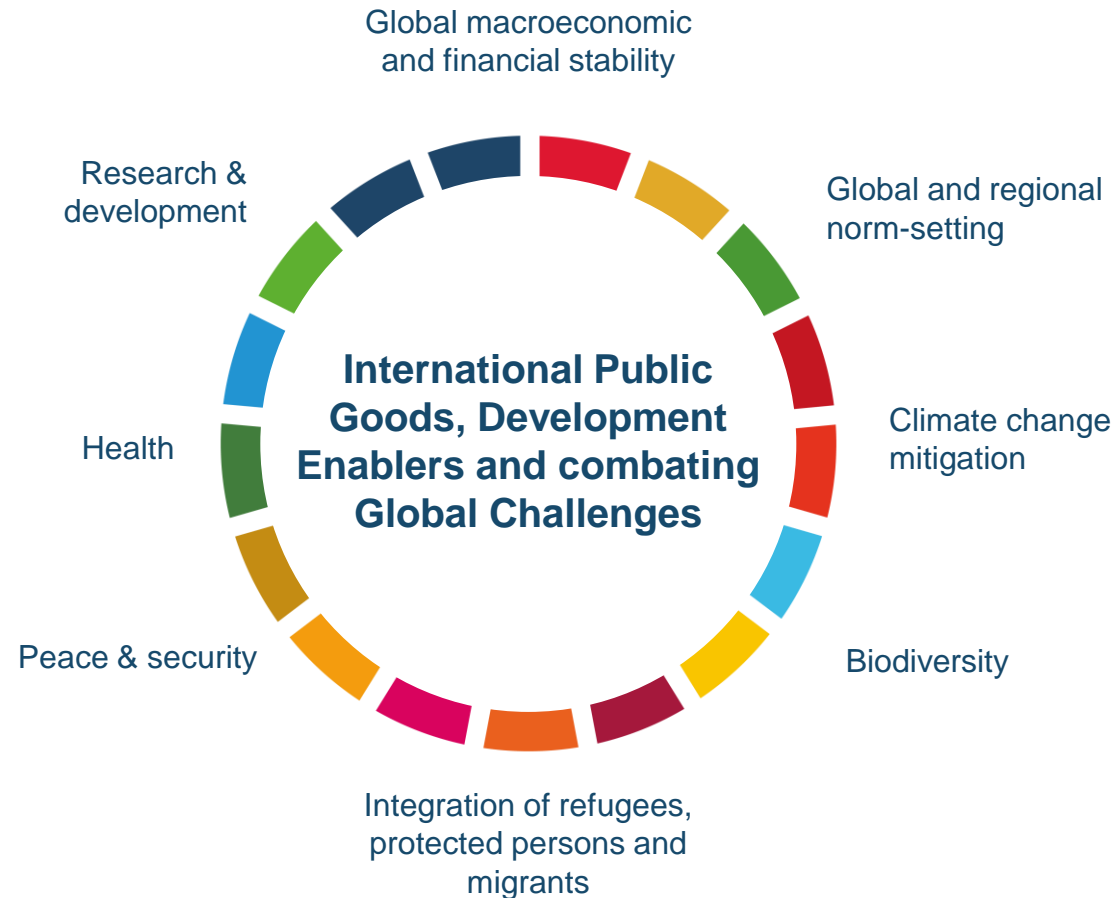

SUSTAINABLE
DEVELOPMENT
GOALS

Why is TOSSD needed?

TOSSD Pillar II captures resources in support of International Public Goods and Development Enablers, and to address global challenges.

One of the core features of the SDGs is their universality

To valorise all aspects of the 2030 Agenda, for example work generating global norms that benefit all countries

International Public Goods are key enablers of sustainable development for all, including TOSSD-eligible countries

To make some of the domestic action for global sustainable development more visible

Why is TOSSD needed?

Greater transparency - TOSSD is a data source for the SDG indicator framework

TOSSD is a data source for the SDG indicator 17.3.1. :

17.3.1 Additional financial resources mobilized for developing countries from multiple sources.

- a. Official sustainable development grants
- b. Official concessional sustainable development loans
- c. Official non-concessional sustainable development loans
- d. Foreign direct investment
- e. Mobilised private finance (MPF) on an experimental basis
- f. Private grants.

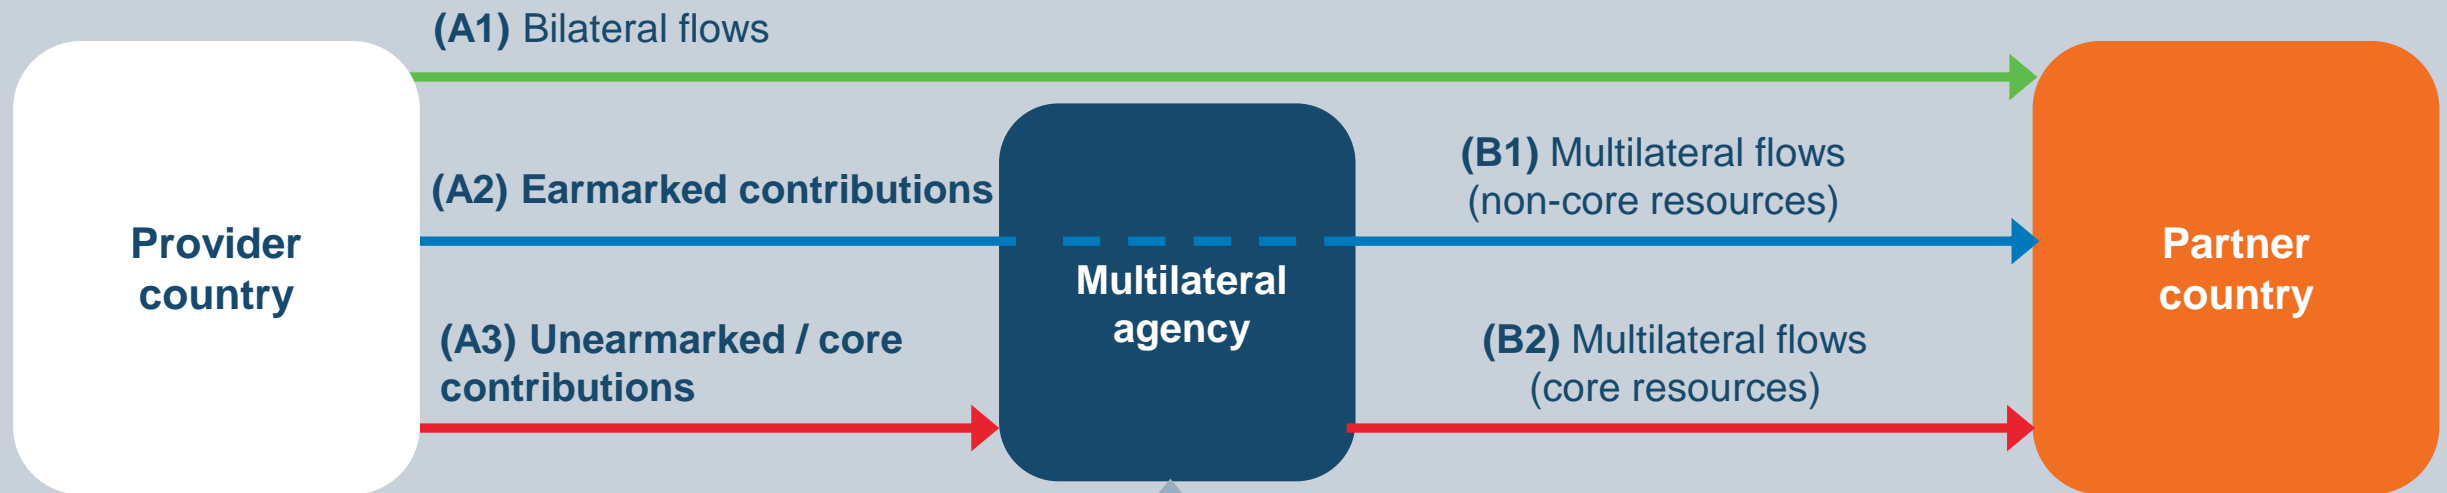

<https://unstats.un.org/sdgs/metadata/?Text=&Goal=17&Target=17.3>

3

**Why do multilateral institutions
report to the OECD?**

Why do multilateral institutions report to the OECD?

How is the recipient perspective on development finance built in TOSSD?

In the CRS

- Countries report on **A1, A2, A3**

To complement Information on resources to developing countries, in the CRS, multilateral institutions report on **B2 (only core resources)**

In TOSSD – A recipient perspective

- Countries report on **A1** (also on A2 and A3 for cross-checking purposes with B1 and B2)
- Multilateral institutions report on **B1 and B2**

4

Benefits of TOSSD

TOSSD benefits for recipient and provider countries

Greater transparency and accountability

Better understanding of the financial landscape and more information to mobilize additional resources

Better development planning and improved provider coordination

Enhanced SDG monitoring

A more comprehensive reflection of regional and global expenditures for developing countries

An inclusive governance system

Benefits of TOSSD for multilateral institutions

TOSSD provides a more accurate and comprehensive picture of their portfolio.

- Earmarked and core-funded activities by multilateral institutions.
- More eligible recipients in TOSSD (e.g. Chile) → TOSSD opt-in/opt-out procedure

TOSSD improves transparency on activities related to the global development agenda.

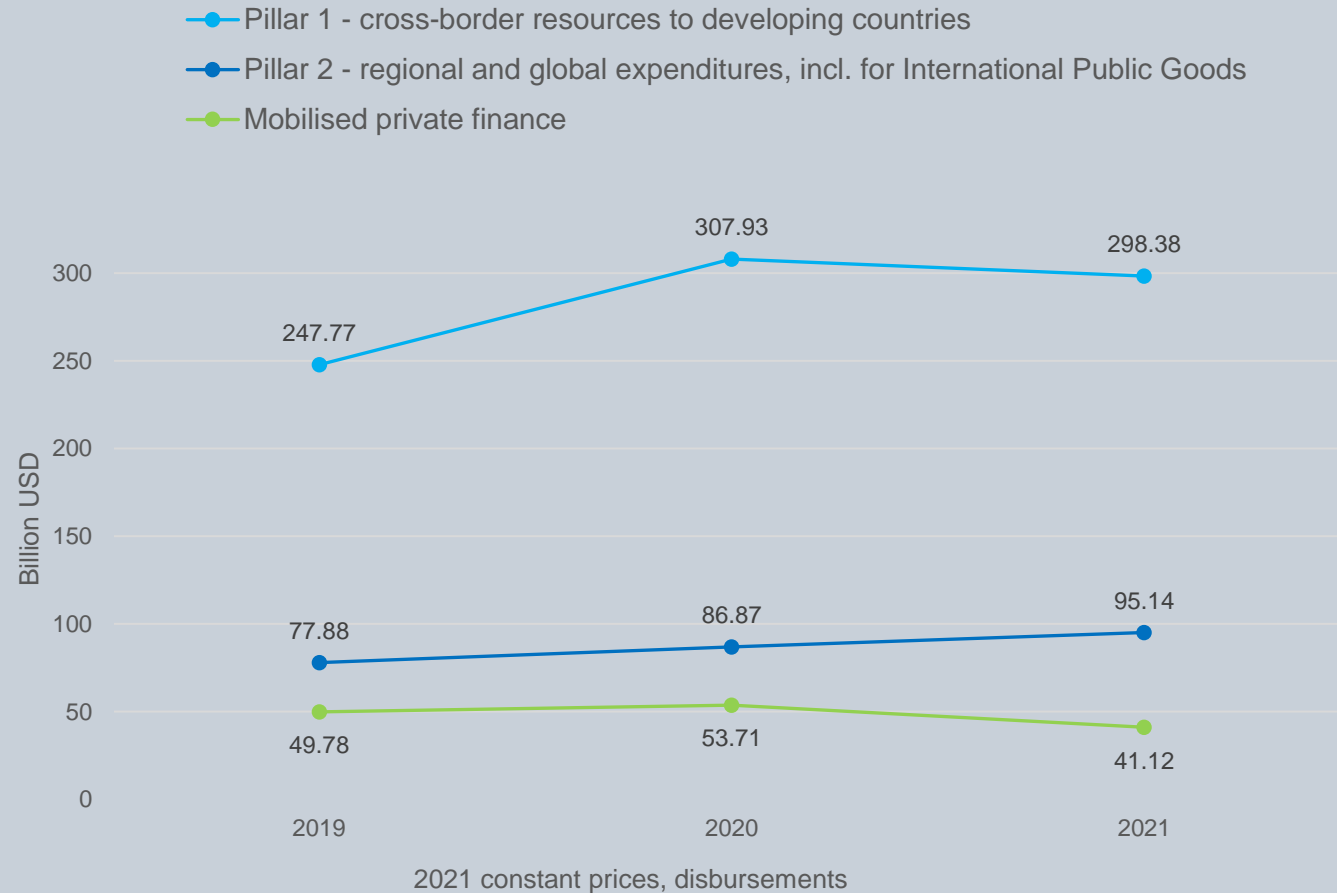

- Activities linked to International Public Goods that are not ODA eligible, e.g. standard-setting activities (global agenda)

TOSSD gives greater visibility to their non-concessional portfolio

- Non-concessional activities funded by multilateral institutions.

Benefits of TOSSD

Greater transparency and accountability: one million activities at tossd.online (2019-2021)

- TOSSD gathers more than 1 million activities of official support for sustainable development
- In 2021, TOSSD amounted to USD 394 bn

Notes:

- The figures include USD 86 billion of estimated data gaps derived from the OECD CRS for non-TOSSD reporters (included in tossd.online at aggregated level)
- The total figure for mobilised private finance is provisional pending reporting by the EIB (USD 7 billion in 2020).

Pillar I – More transparency for recipient countries

For example, for Chile

CRS
*Not captured, since
Chile upgraded from
the ODA List*

TOSSD
USD 2.29 bn.

368 activities
reported in 2021

Usefulness of the TOSSD data for Chile

Examples of activities led by multilateral organisations:

- Enhancing resilience to climate change of the small agriculture (Adaptation Fund)
- Support for the Continuity of Essential Health Care by Inter-American Development Bank Group
- General Environment Protection, by UNDP
- Improved access to essential medicines, vaccines, diagnostics for primary health care, by WHO
- Scholarships and imputed student costs/ Support to the Elimination of Violence Against Women in Chile

In 2021

- About USD **2.3 million** of support for sustainable development under Pillar I of TOSSD (cross-border resources to developing countries) and **USD 662 million mobilised from the private sector**
- **496 thousand USD** was reported disbursed in the form of **South-South co-operation**

More information on South-South and Triangular co-operation

South-south (SSC) and triangular co-operation (TrC) in TOSSD

SSC providers

15 reporters ^(*)

8 331 activities

(vs 3 974 activities in 2020)

USD 28.6 billion

(USD 21.93 billion in 2020)

TrC

21 reporters

4 731 activities

(vs 4403 in 2020)

A few highlights on SSC reporting:

- A doubling of SSC activities from 2020 to 2021, mostly thanks to Brazil that went from 300+ in 2020 to 3000+ activities in 2021.
- IsDB reported Islamic Finance projects.
- PICA reported for the first time in 2021.
- Mexico reported 2020 data on a pilot basis.
- TrC reporting is also expanding.

(*) Brazil, **Caribbean Development Bank**, Central American Bank for Economic Integration, **Chile**, Costa Rica, **Development Bank of Latin America**, Indonesia, Kazakhstan, **Islamic Development Bank**, Mexico, Nigeria, Peru, PICA, SESRIC, Thailand, Türkiye.

Provider coordination - Information on more than 100 providers

110 Reporters

of which...

46 Countries

64 Multilateral organisations

Including UN entities and MDBs

First-time data from 14 countries and multilateral entities in 2021

- Liechtenstein
- Malta
- Monaco
- Peru
- Mexico (2020 data)

- COVID-19 Response and Recovery Multi-Partner Trust Fund
- International Commission on Missing Persons
- Joint Sustainable Development Goals Fund
- New Development Bank
- UN Women
- UNEP
- WHO-Strategic Preparedness and Response Plan
- WTO (aid for trade)
- UN Office of Disarmament Affairs

TOSSD information is available by Sustainable Development Goal (2019-2021, 2022 is coming soon)

Percentages of resources allocated by Sustainable Development Goals

2021 constant prices

- Darker shade: TOSSD activities exclusively allocated to one SDG
- Lighter shade: TOSSD activities allocated to multiple SDGs
- Not marked

- An increase in TOSSD reporting by SDG from 51% in 2020 to 61% of disbursements in 2021.
- TOSSD is currently pilot testing an Artificial Intelligence tool to populate and verify SDG targets.
- Countries can use TOSSD data for monitoring the support they receive for the implementation of the SDGs (e.g., making of Voluntary National Reviews).

Data available at <https://tossd.online/>

<https://tossd.org/pilot-studies-data-stories/hlpf-voluntary-national-reviews.htm>

5

5. How to access TOSSD data?

How to access TOSSD data

TOSSD database

- More than one million projects and activities financed by more than 100 bilateral and multilateral providers

TOSSD online

It is the TOSSD data visualisation tool. It permits to access the data in a powerful, yet easy to use, manner. Users can filter the data, produce alternate visualisation options, download charts, and export the activity level data with all the available details

www.tossd.online

Session 2: Peer learning on TOSSD reporting

- Introduction to reporting
- SDG focus, including experience sharing from IsDB
- Non-core funded activities, including experience sharing from IADB

1

Introduction to reporting

Introduction to reporting

Data collection cycle

Every year, the Secretariat collects data on resources provided in the previous calendar year by bilateral and multilateral providers, including emerging providers. In 2023, the Secretariat collects data on 2022 expenditures.

Key Information

TOSSD Reporting Methodology

Consult the Reporting Instructions when reporting TOSSD data.

<https://www.tossd.org/docs/reporting-instructions.pdf>

Explanatory notes for reporters

Document with key explanations for reporting TOSSD data.

Consult the explanatory notes when reporting TOSSD data (sent together with data solicitation message).

Consolidated template (35 items):

[Consolidated reporting form](#)

Focus of our seminar today

- B. Basic data: item n. 10 SDG focus
- Non-core funded activities

3

SDG focus

SDG focus

Checklist for reporters

- The SDGs and sector categories have interlinkages, which may be strong, medium or mild. When reporting the SDG focus, please consider the interlinkages as shown in the (partial) table below.

Sector	CRS sector categories	Related SDGs & Targets
Education	110 - 114	SDG 1 (1.a, 1.4, 1.5), SDG 4, SDG 11.2
Health	120 - 123	SDG 1 (1.a, 1.4, 1.5), SDG 3, SDG 11.2
Population Policies/Programmes & Reproductive Health	130	SDG 3 and SDG 5
Water Supply & Sanitation	140	SDG 1 (1.a, 1.4, 1.5), SDG 6, SDG 11.2
Government & Civil Society	150 - 151	SDG 1, SDG 5, SDG 10, SDG 16 and others
Conflict, Peace & Security	152	SDG 16.1, 16.2
Other Social Infrastructure & Services	160	SDG 1, SDG 10, SDG 11 and others
Transport & Storage	210	SDG 9, SDG 11.2 and others
Communications	220	SDG 9.c., SDG 17.8, many others
Energy	230 - 236	SDG 7 (all), SDG 13 (232 Renewable Energy)

- After submission by reporters, the Secretariat can suggest enhanced SDG-focus marking, using its in-house AI tool, the **SDG classifier**.

4

Non-core funded activities

The difference

Non-core funded activities by multilateral organisations

TOSSD aims to capture all activities implemented by multilateral institutions, whether funded with their core or non-core resources.

Outflows from non-core (earmarked) resources

- In the CRS, multilateral institutions report only the outflows from their core unearmarked resources.
- In TOSSD, they can report outflows from both their core and non-core (earmarked) resources.

MDBs: new data and additional details on their trust funds' operations in 2021

- + more than 90 Trust Funds (e.g. from AfDB, AsDB, IABD Group, CDB, CoEB)
 - + more than 800 additional activities
- Potentially much more

Update on engagement with MDBs in 2023

- Prior to 2023, focus on CRS reporters, which helped the development of a consolidated and simplified template.
- In 2023, focus on African MDBs, in follow-up to the conclusions of the 20th Task Force meeting in Dakar and the call to constitute a **TOSSD Africa Group**, with a view to further anchor TOSSD in the African continent. This would help ensure at country level:
 - Local ownership and alignment to national systems
 - Use of activity-level data available in TOSSD to complete SDG reporting and VNRs
- Challenges: finding the right contacts, departments (e.g. strategy, operations, etc.), follow-up after initial contact.
 - Only the African Development Bank has been reporting to CRS/TOSSD.
 - Work in progress with AFREXIMBANK, West African Development Bank, Development Bank of the Central African States, The Eastern and Southern African Trade and Development Bank (TDB).

Interested in a tailored session on TOSSD reporting?
